Mr Percy Simon  
1321 Church St.  
Norfolk Va.

Dear Percy:

I guess you have heard by now, The Eagles and Philly Stars are coming to Norfolk for May 20th and 21st, and Newport News 22nd and 23rd. I hope Brady has the parks OK. He has been so unreliable booking games, I am really nervous.

We had hoped we would not have to make any of these long jumps, but the team is laying around idle so much, they really get a little stale. Not only that but it has rained so much, the weather is really hurting my feelings. The men would really wrather be playing because it means they get their eating money when they are on the road.

The team really looks good. It looks like we have at last gotten a team. They are not only good ballplayers but I believe most of them are nice fellows. No real troublemakers around.

The main thing I am writing you about is to ask you please to find some place for the team to stay. They will be there the 20th, 21st, and 22nd. I think they will leave after the game the 23rd. I will be depending on you to have some place for them.

I hope you and family are well, and everything is going alright.

Sincerely Yours
